

Dear Chris,

I am writing to let you and your team know how happy we are with your service and high levels of customer care.

After having suffered appalling customer service from our last suppliers it really is a breath of fresh air!

Everything we discussed pre-contract has been delivered. This includes account reviewing and aiding us on rolling out the new smart phones.

When we have asked for any changes/support it has been actioned/resolved pretty much straight away by yourself or Dan and Gina.

Keep up the good work!

Daniel Pastor
IT Manager
