

REFRIGERATION
& AIR CONDITIONING
LTD.

Dear Kate,

I would like to express my gratitude regarding the installation of the VOIP telephone system.

Communication is key to our company and from the first introduction of the product to the final stage of the set up, the procedure has been smooth and effective.

I would like to specifically name Shai as a incredibly helpful member of your team. He has taken the time to tailor the service specifically to our needs and everything has been completed most efficiently.

We are already benefitting from the many aspects and features this system offers, and it has made communicating with our customers and suppliers much simpler.

I am most grateful for the service that you have provided.

Kate Peel
Director
