Dear Nick,

We have now been with Signal Telecom for a full year. I would like to take this opportunity to thank you for the excellent customer service and technical support that our company has received.

You have delivered on everything we discussed pre-contract, and I could not be happier with our services. (Leased line, cloud-based phone system and mobiles)

Our business communications account has never run so smoothly, and when we do need assistance, we are through to the technical support team within seconds.

Shai, Dan, and Jack always come up with an efficient solution when needed, and consistently offer invaluable advice. They are also a pleasure to speak to.

We recommend Signal Telecom to any business looking to review their connectivity solutions, you certainly won't regret it.
