Dear Alyson,

As I sign up for a 5th & 6th year with your Company to provide my mobile communications I wish to write to express my satisfaction with the service that you provide.

I have found your approach to be helpful, cost effective and friendly. At each renewal you appear to find further savings with added benefits in related fields.

Your local, down to earth, honest and trustworthy team allow me to treat your Company as my communication partner.

For the above I thank you and look forward to our ongoing business relationship.
