

Google Pixel

6

What our experts say

"We love the Google Pixel 6. A bold & unique design, coupled with Googles finest innovations "

Signal Rating

Overview

Google Pixel 6 has been completely reimagined. Google has made it's very first chip for Pixel, named 'Tensor'. This chip will ensure your phone runs smoothly and efficiently. The all new Pixel camera has bigger sensors. They capture more colour, more detail and 150% more light than Pixel 5.
