

LG

K9

What our experts say

"LG K9 is an affordable smartphone with some great features. We like the fact it is easy to use with one hand."

Signal Rating

Overview

Experience more realistic colours and crisp definition with the 5.0" HD display. On the LG K9 you will be able to capture stunning images due to the 8MP camera on the rear of the device. LG K9 has a comfortable grip, you can use the smartphone with one hand.
