

OnePlus 7 Pro

What our experts say

"Easily one of the best performing smartphones in the market today. Will easily compete with the higher end smartphones."

Signal Rating

Overview

The 6.67 inch Fluid AMOLED display on the OnePlus 7 Pro is their most advanced screen ever. Experience unrivalled smoothness and clarity with a 90 Hz refresh rate and QHD+ resolution. Capture life in brand new ways with a 48 MP main camera, ultra wide angle lens and 3x optical zoom. With a 4000 mAh battery, you'll easily power through the day and more.
