

OPPO A9 (2020)

What our experts say

"OPPO A9 (2020) is an excellent device, one of the few phones out there to pack 5 cameras into one smartphone!"

Signal Rating

Overview

OPPO A9 is packed with many fantastic features. The device fits 5 cameras into a single smartphone, including a 48MP main lens. The massive 5000mAh battery will easily get you through your day, it can even reverse charge! This device is extremely modern, with a 3D ergonomic body. It's been designed for a better grip and thinner visual appearance.
