

Samsung Galaxy A40

What our experts say

"The Super AMOLED display is stunning, we are big fans of this technology"

Signal Rating

Overview

Experience Samsung's super AMOLED screen technology, the A40 has a beautiful 5.9" super AMOLED display. Running out of storage won't be an issue, the A40 comes with 64GB and the option to expand it by a further 512 GB via Micro SD. The device has a modern all screen design.
