

Samsung Galaxy Note 10+

What our experts say

"This is a very impressive device, coupling high performance & stylish design, this is a perfect business smartphone."

Signal Rating

Overview

The Samsung Galaxy Note 10+ features a large 6.8" Dynamic AMOLED display, with the 'Infinity O' design. This means more screen, less interruption. The Note 10 is extremely powerful, making it easy to perform your daily tasks with ease. You can sync your Note 10 to your Windows PC, letting you keep focus on your PC work, while keeping track of your phone tasks.
