

Samsung Galaxy S10e

What our experts say

"The S10e comes in a wide range of beautiful colours, however it has less features than the S10 & S10+. It performs very well and comes in at a cheaper price point to the S10 & S10 +."

Signal Rating

Overview

These new smartphones from Samsung are the culmination of a decade of S series innovation – powerful phones that help you work for longer, wherever you do business. The Galaxy S10e, S10 and S10+ pack all the latest technology from Samsung into a convenient and compact design that makes a real difference to how you work.
