

Spend Cap

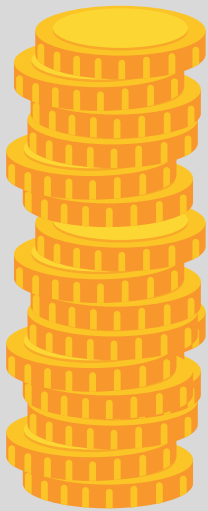

What is a Spend Cap?

You can now choose to apply a spend cap to your monthly tariff. They are great for controlling any out of bundle charges. You set the spend cap, once you reach the limit any more out of bundle usage will not be possible.

What are my options?

You don't have to have a spend cap, or you can choose to have a Spend Cap set at £0, £5, £10, £15, £20, £30, £60, £100 or £200. Remember once you reach your spend cap anymore out of bundle charge will not be possible. Make sure to take this in mind when choosing to apply a cap.

What counts towards Spend Cap?

- Additional calls, texts and data usage, when your standard bundle or Bolt On allowance has run out.
- Calling and texting non-geographical or premium rate numbers
- Calling and texting any international number from the UK.
- Calling and texting any number outside of our Europe Zone, when you're in our Europe Zone (excluding the UK).
- Calling, texting and using data, when you're in a country which is outside of our Europe Zone.
- Calling directory enquiry services. The charge you pay for accessing any third party services.
- The charge you pay for accessing any third party services.

What happens when I reach my cap?

Any further chargeable out-of-bundle usage will not be possible. If you use up your monthly allowance and any Bolt On allowance you may have, additional calls, texts and data usage will be barred.

Reached cap but want to use phone?

You can increase your spend cap, remove your spend cap or buy a Bolt On. These options will enable you to make out of bundle calls and texts and use data.
