

Xiaomi Mi Mix

3 5G

What our experts say

"This is an excellent 5G device. If you are lucky enough to live in an area with 5G availability this could be the device for you!"

Signal Rating

Overview

The Xiaomi Mi Mix 3 5G is a truly amazing device and is one of the first 5G smartphones to become available. Experience a truly all screen design, thanks to the innovative magnetic slider. You will find an impressive dual camera set up on both the front and rear of the smartphone. Xiaomi Mi Mix 3 5G has a elegant design with a premium feel.
